*Hulchi Belluni*  
ANTWERP

In 2001, Martine Hul launched her jewellery brand named Hulchi Belluni. The name 'Hulchi Belluni' was inspired by three elements: "the name of its owner and creative brain ('Hul'), the oriental philosophy (the 'chi' element) and the beautiful moon ('bella luna'), which in many cultures is considered a source of inspiration."

Under the watchful eye of its owner, the line that started out as one of classic, timeless pieces, has gradually turned into what it is today: a successful jewellery brand, sold all over the world and that stands for an appealing diversity of modern and classic collections.
